Committee Member Murdock asked if the \$2.84M in grant funding was earmarked for facilities as stated in the minutes. Mr. Charles Harris, President and CEO, said the grant funding had not yet been presented to the Board of Directors for approval, but it was earmarked for improvements.

E. PRESENTATIONS – DISCUSSION AND POSSIBLE ACTION

E1. <u>Presentation, discussion, and potential approval of a proposed budget augmentation in the</u> <u>amount of \$3,403,616, for the Reno-Sparks Convention and Visitors Authority.</u>

Vice President Jaeger said per NRS the RSCVA budget had to be augmented before the end of the fiscal year if actual expenditures are anticipated to exceed budgeted expenditures. Second-quarter revenues have exceeded the approved budget, it is anticipated that revenues will continue to exceed budgeted amounts through the remainder of the fiscal year. This is related to Room Tax revenues exceeding the budget predictions, offsetting deficits in Facilities revenues.

The request does not include the \$2.8M awarded as a result of the SVOG grant. The grant funds were still in process of receipt due to the administrative requirements of the grant; the most recent update from the grantor is that they hope to allow grant closeout within the next month. Additional funds from the Travel Nevada grant (\$1.25M) were yet to be distributed as Travel Nevada had not yet received the funding. Some administrative work, including a subgrant award from Travel Nevada, also needs to be completed before the RSCVA could adopt those funds. Discussion followed regarding the grant expenditure requirements.

Vice President Jaeger provided budget overviews and an outline of the augmentation by department. She noted that there was a slight change from the original outline submitted. The total amount remains the same, however, \$100,000 was reclassified from sales personnel costs to facilities transition costs. Vice President Jaeger reviewed the changes in budgeted expenditures for each of the Departments, with the largest change coming to Marketing. Marketing will receive \$1.9M, with \$500,000 going to Special Event funding, per a previous Board request. Facilities would be receiving an additional \$1.2M, and ASM has been asked to provide revised revenue estimates for the remainder of its contract with the RSCVA. \$645,635 of the facilities augmentation will be going to ASM to offset expenses not included in their original budget and to address underestimated electricity usage. This amount would be added to the \$150,000 provided in the previous augmentation to meet ASM's total request of \$750,000. The remainder of the augmentation would be used to help with the Facilities transition costs, including on-boarding, employee incentives, recruitment costs, consultant fees, etc. A contingency amount was built-in to help avoid any unanticipated expenditures. Sales would receive \$91,437 to be used towards increases in travel and entertainment expenses, booth expenses, and the onboarding of personnel. \$92,988 would be provided toward Finance/General and Administration, to be used towards IT-related costs and the onboarding of personnel.

Committee Member Ascuaga arrived at 1:16 pm.

Committee Member Ascuaga asked how many FTEs were being added with the transition within Facilities. Vice President Jaeger estimated it to be 76-80 full-time employees. Committee Member Ascuaga asked what composed "Rents and Royalties" in the budget. Vice President Jaeger explained it was facility rental revenue. Discussion followed regarding the bid process for the food vendors.

Mr. Harris explained that Marketing would be gaining funds to put them back in line with pre-pandemic budgets with this augmentation. The last augmentation was focused on Sales to get personnel in place. The Marketing increase included \$500,000 for special event funding that the Board of Directors had previously requested be done. The process for how those funds would be distributed is yet to be determined. There was a desire to get the higher than anticipated revenues back in the form of additional funding for marketing.

Committee Member Murdock asked how the FTEs being onboarded in addition to the absorption of the employees moving to the RSCVA in the transition would place the RSCVA in terms of pre-pandemic numbers. Vice President Jaeger said that currently there were 42 FTEs. With the transition, more FTEs were being added, not just in Facilities, but in other areas as a part of a restructuring to best allocate resources. The current 42 FTEs were about 76% of pre-pandemic staffing. Discussion followed regarding staffing levels.

Committee Member Bybee asked if RSCVA was ready to move forward with the transition. Mr. Harris gave an overview of what the leadership team was doing, how they had met with existing employees and the transition team's activities. He was confident that they were ready.

Motion: Move to approve and recommend to the RSCVA Board of Directors a budget augmentation in the amount of \$3,403,616.

Moved by: Committee Member Bybee Seconded by: Committee Member Murdock Aye: Committee Members Ascuaga, Bybee, Chapman, and Murdock No: Absent: Abstain: Vote: Motion passed unanimously.

F. COMMITTEE MEMBERS' COMMENTS REGARDING ITEMS FOR FUTURE MEETINGS

Committee Member Ascuaga asked for an update and presentation on the Western Heritage group. He thought it was a good opportunity for some synergy with the current political and economic environment. Committee Member Murdock agreed as the University of Nevada, Reno was aggressively moving forward with many projects. This was good timing to look at possible partnerships related to the Livestock Events Center.

Reno-Sparks Convention and Visitors Authority

President/CEO's Proposed Capital Improvement Plan

Fiscal Year 2022-2023

As Presented to the Finance and Facilities Committee May 10, 2022

Purpose

The President/CEO's Capital Improvement Plan ("Capital Plan") for the period of July 1, 2022 – June 30, 2023 (FY 22-23) is hereby presented to the Finance and Facilities Committee of the Reno-Sparks Convention and Visitors Authority ("RSCVA") for review, recommendations, and advisory approval.

The Capital Improvement Plan ("Capital Plan") identifies necessary capital improvement projects for the upcoming fiscal year. The preparation of the Capital Plan is an extensive process and considers the objectives of the President/CEO, strategic financial policies approved by the Board, requests submitted by individual departments, and overall organizational needs, along with other factors. The Capital Plan also serves as a financial tool to ensure that appropriate funds are made available within the budget for capital projects. Capital planning is ongoing throughout the fiscal year, with a primary focus starting in January and extending through May.

Key factors considered in the development of the Capital Plan include:

- The ability of the project to meet health, safety and legal concerns and mandates.
- The value of the project to prolong the life of key assets or avoid/minimize future repair costs.
- The benefit projects will provide to the RSCVA in support of the goals articulated in the Strategic Plan.
- The potential for the project to generate revenue, savings or increase productivity.

Scope

The RSCVA funds capital improvements for the Reno-Sparks Convention Center and the Reno-Sparks Livestock Events Center.

The National Bowling Stadium and the Reno Events Center are owned by the City of Reno and capital improvements for those properties are funded by the \$2.00 Downtown Capital Improvements Surcharge that is remitted to the City of Reno. For projects involving the National Bowling Stadium and the Reno Events Center, such projects are included in the City of Reno's Capital Plan, and any such projects would not be part of the RSCVA budget and Capital Plan. The RSCVA works as a partner with the City of Reno regarding the execution of their capital projects at the National Bowling Stadium and the Reno Events Center.

Funding Sources

Annually, the Capital Plan is funded using transient lodging (room tax) revenues. The capital budget from this funding source for FY 22-23 is \$3,000,000.

Additional funding has been made available due to federal awards received as a result of the pandemic and such funding is proposed to be spent on capital improvements during FY 22-23. Capital improvements from this funding source are budgeted at \$2,848,370.

Carryforward Capital Projects

Many capital projects require over one fiscal year to design, bid, and construct. Labor shortages, supply shortages, and other impacts of the COVID-19 pandemic have also delayed the completion of certain capital projects.

Below are projects from the FY 21-22 budget that are not yet complete but are anticipated to be completed towards the end of FY 21-22 or during FY 22-23.

No new funding is being requested related to these projects; these projects will be completed by carrying forward the approved funding from the FY 21-22 budget.

ITEM E.2

Reno-Sparks Convention and Visitors Authority

President/CEO's Proposed Budget

Fiscal Year 2022-2023

As Presented to the Finance and Facilities Committee May 10, 2022

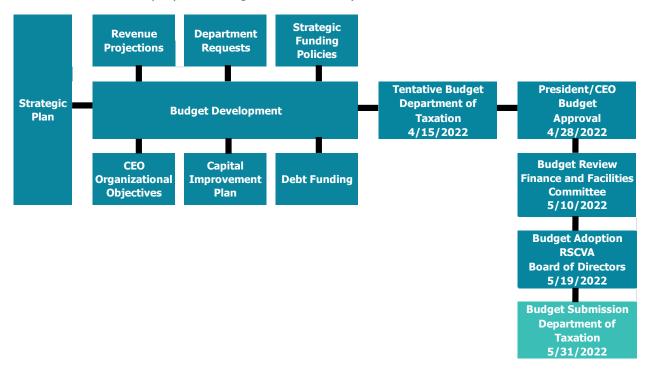

Prepared by: Courtney Jaeger, CPA Vice President of Finance

Budget Process

The President/CEO's budget for the period of July 1, 2022 – June 30, 2023 (Fiscal Year 22-23) is hereby presented to the Finance and Facilities Committee ("the Committee") of the Reno-Sparks Convention and Visitors Authority ("RSCVA") for approval and recommendation to the RSCVA Board of Directors. Approval and recommendation by the Committee is advisory only; the budget will not be adopted until approved by the RSCVA Board of Directors at a duly noticed public meeting.

The State of Nevada has strict requirements related to the budget process. A public hearing regarding the RSCVA's proposed budget must be held no sooner than the third Monday in May and no later than the last day in May, and the final budget is due to the State of Nevada by June 1st of every year. As required, notice of the scheduled public hearing will be published in a newspaper of general circulation (Reno Gazette-Journal).

The preparation of the budget is an extensive process and budget development considers the objectives of the President/CEO, strategic financial policies approved by the Board of Directors (the Board), requests from each individual department, revenue projections, the capital improvement plan, debt service, economic trends, and organizational needs, along with other factors. The budget process begins in January and extends through May to determine the President/CEO's final proposed budget for the fiscal year.

Fiscal Year 22-23 Budget Summary

Introduction

The national and local economy continues to experience the impact of the COVID-19 pandemic. Inflation is currently at levels not seen since the 1980's, interest rates are rising, and economists are seeing certain indicators that often predict an economic recession (such as the inverted yield curve and shrinking gross domestic product). The local economy is performing well, however, with median home prices reaching record rates and a local unemployment rate around 2.60% (compared to the long-term average of 5.84% and national unemployment rate of 3.60%). There is still much uncertainty while we navigate continued recovery from the pandemic in an economy adjusting to the new normal. Given the above factors, a moderately conservative approach has been taken when developing the revenue portion of the budget.

As an organization, we realize it is important to be proactive rather than reactive during this recovery period. This budget was developed strategically to accomplish necessary organizational initiatives and considers many different factors and metrics. Proactive financial management throughout the year will be key to maintaining operational efficiencies while navigating economic uncertainty.

Throughout this document, comparisons to the RSCVA's performance during the last full fiscal year pre-pandemic (FY 18-19) are consistently provided. In many instances, the years impacted by pandemic shutdowns (FY 20-21 and FY 19-20) are not considered meaningful for purposes of trend analysis.

Revenues and Resources

Room License Taxes

Room tax revenues were estimated by performing trend analysis over average daily room rates, collections in prior periods, room night totals, market segment trends, and economic considerations.

Tourism Surcharge	4,921,283		4,921,350	5,194,825

The budget for Room Tax Collections is 98.8% of pre-pandemic collections, and the budget for the Tourism Surcharge is 94.7% of pre-pandemic collections.

Facilities Margins

As of June 2, 2022, the RSCVA will resume internally managing and operating the Reno-Sparks Convention Center (RSCC), Reno-Sparks Livestock Events Center (RSLEC), Reno Events Center (REC) and the National Bowling Stadium (NBS), which are collectively referred to as "the facilities" throughout this document.

* The food service portion of facility operations will be outsourced to Aramark, as approved by the RSCVA Board of Directors on April 15, 2022. Accounting standards require that revenues per this new agreement with Aramark be reported net rather than gross; revenues were reported gross, along with gross expenses, under the previous food and beverage contract. It should also be noted that at the time this document is being prepared, the Aramark contract has not yet been executed. A revised budget may be received from Aramark after the contract is executed and after Aramark completes more detailed projections and analysis.

Grant Awards

The Nevada Commission on Tourism (Travel Nevada) has earmarked \$1,250,000 of their recent Economic Development Agency award as a pass-through sub grant award to the RSCVA. The receipt of the grant award is contingent on a spending plan being prepared by the Marketing Department in accordance with the grant terms and conditions.

The Marketing Department plans to create and submit the spending plan to Travel Nevada this summer, with the goal of receiving these grant revenues to spend during fall 2023.

As noted in the FY 22-23 Capital Improvement Plan, additional funding has been made available due to federal awards received as a result of the pandemic and such funding is proposed to be spent on capital improvements. Capital improvements from this funding source are budgeted at \$2,848,370.

Other

At the time this budget is being prepared, we anticipate approximately \$4,845,000 of available resources (fund balance) to carry forward from the current year, from unspent amounts within

line items including Air Service, Special Events, Booking Incentive, Facility Transition, and from revenues received during the last quarter of the year in excess of budget. These resources, which will become part of FY 21-22 ending fund balance, are allocated as spendable resources throughout the FY 22-23 budget.

Operating Expenses

Below is a summary of FY 22-23 initiatives within each of the functional expense categories.

Payroll and Related

A significant change to note in the area of payroll and related expenses is that salaries and wages reflect the transition of the facilities to in-house operations. From June 2018 through June 2022, facility management was outsourced to a third-party operator, and all expenses of the third-party operator were reported as service expenses to the RSCVA.

During this transition, we considered the needs of the organization overall post-pandemic and in terms of how to operate the facilities more effectively. We did not copy the organizational structures that were used by the third-party in the last four years nor did we strive to identically match the organizational structure pre-pandemic. Significant thought and consideration were given to optimizing the operation of the organization as a whole given current needs and the current economic climate.

Included in the budget is a 4% cost of living increase program. Merit increases were paused during FY 19-20 and resumed during FY 21-22; merit increases are budgeted for FY 22-23. The Nevada Public Employees Retirement System employer contribution rate will remain at 29.75%.

Due to the timing of the facilities transition, we are currently in the process of remarketing employee insurance benefits. We expect that interested carriers will provide their quotes within the next few weeks. If a renewal option is selected and recommended by management, such changes to the employee insurance benefits package would be presented to the Board for approval.

Supplies and Services

The majority of this line item consists of services and supplies for the facilities. This line item also includes the RSCVA's general liability insurance, legal expenses, membership dues, certain contractual expenses, and general supplies expenses. General liability insurance is estimated to increase this year due to preliminary feedback received about competitive market conditions, as well as organizational initiatives to strengthen cyber liability insurance coverage. We are currently waiting to receive quotes for premiums from the carriers.

During the years that facility operations were contracted with a third-party operator, all contract expenses were required to be classified as supplies and services per accounting standards. Going

forward, this category will capture the majority of non-payroll and benefits expenses for the facilities.

Travel and Entertainment

Travel and entertainment is budgeted at 108% of pre-pandemic levels, and 84% of travel and entertainment is budgeted within the Sales Department. Slight increases in travel and entertainment are noted for other departments to provide opportunities for staff networking and professional development.

Promotions and Advertising

Promotions and advertising expenses are budgeted at 117% of pre-pandemic levels.

Within the FY 22-23 budget, significant items budgeted within this category include: Advertising (within the Marketing Department) which is budgeted at 99% of pre-pandemic levels and \$1,000,000 for Air Service per Board designation.

The Marketing Department plans to create and submit a spending plan to Travel Nevada this summer, with the goal of receiving \$1,250,000 in grant revenues to spend during fall 2023, therefore those expenditures are included in this line item.

Special Projects

This category primarily consists of special event funding, event sponsorships, commitments, and related costs.

Within the Marketing budget for FY 22-23, this category includes \$1,000,000 for Special Event Funding per Board designation and \$250,000 in costs associated with the Miss USA Pageant.

Within the Sales budget for FY 22-23, special projects includes site fees for the 2023 USBC Open Championships, expenses related to two Customer Advisory Board meetings, event commitments and sponsorships, and \$85,000 in unassigned booking incentives.

Apportionment

Legislation enacted in 1999 requires one-half of the proceeds received from transient lodging taxes collected in Incline Village, Nevada and Crystal Bay, Nevada to be granted to the Incline Village/Crystal Bay Visitor and Convention Bureau.

Collection trends have shown an increase in the apportionment largely driven by vacation rentals. Total apportionment is budgeted at 125% of pre-pandemic FY 18-19 levels.

Contingency

Contingency funds are budgeted at \$200,000 for FY 22-23. Historically, contingency funds have been budgeted between \$200,000 - \$400,000.

Other Funds

Debt Service Fund

The Debt Service Fund is used to account for the accumulation of resources required for, and the payment of, general long-term debt principal, interest, and related costs. Debt Service Fund transfers vary yearly based on the bond payment structure. Transfers are budgeted at \$8,190,150 in FY 22-23 to meet debt obligations, including principal, interest, and small fees associated with debt service transactions.

Internal Insurance Fund

The Internal Service Fund accounts for the employee insurance benefits and workers compensation activities provided by the RSCVA. Revenues are anticipated to increase to a total of \$2,013,714 and total expenditures to increase to a total of \$2,197,328 given that the RSCVA will resume internally managing and operating the facilities. Due to the timing of the facilities transition, we are currently in the process of remarketing employee insurance benefits. We expect that interested carriers will provide their quotes within the next few weeks.

Capital Fund

The Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction and significant repair of major facilities.

See the FY 22-23 Capital Improvement Plan for further details. The FY 22-23 Capital Improvement Plan has been submitted for separate review and approval.

Financial Policies

During June 2016, the Board adopted a five-year strategic plan, which was extended via Board action through FY 21-22. At the time that this budget is being prepared, the strategic plan for FY 22-23 through FY 24-25 has not yet been presented to and approved by the Board of Directors. Any proposed changes to the financial policies in the new strategic plan are noted below.

Strategic Financial Policies are listed in order of funding priority as follows:

1. **General Fund Reserves**: An unassigned General Fund balance goal is a minimum 10% of expenditures.

The budgeted increase in fund balance would allow us to meet this requirement. The current draft of the proposed strategic plan for FY 22-23 through FY 24-25 increases this to a goal of 15-17%, starting in FY 24.

- Capital Reserve Account: 0.5% of room tax revenues to capital reserve account up to \$1 million. Budgeted ending fund balance meets this requirement. The current draft of the proposed strategic plan for FY 22-23 through FY 24-25 increases this to a goal of 1%.
- 3. **Debt Sinking Fund** increases from 5% to maximum of 15% of room tax revenues in excess of \$22 million annually.

No contributions budgeted in FY 22-23 due to the debt refunding in FY 20-21. This is not required and is no longer included in the proposed financial policies in the FY 22-23 through FY 24-25 strategic plan.

4. **Rainy Day Fund**: Minimum balance of \$1 million, goal of \$2 million in additional General Fund balance.

Current balance meets the Board's Financial Policy. The CEO has given direction for a 10-20% increase in FY 22-23. This policy is being carried forward in the FY 22-23 through FY 24-25 strategic plan.

5. **Annual Capital Funding**: up to 10% of all room tax collections up to \$2.5 million.

8.8% of room tax collections are being budgeted towards annual capital funding, and the remainder of capital funding was made available due to federal awards received as a result of the pandemic. A policy of up to 10% of room tax collections budgeted annually on capital expenditures is recommended in the the FY 22-23 through FY 24-25 strategic plan.

6. **Air Service Fund:** Dedicate \$500K annually to build up to \$1.5 million in Assigned General Fund to support new airlift.

\$1M is budgeted for Air Service in FY 22-23. The proposed strategic plan for FY 22-23 through FY 24-25 carries forward this policy. The proposed strategic also designates Special Event Funding up to \$1M, which is included in the FY 22-23 budget.

FY 21-22 includes gross Food and Beverage revenues of \$1,737,999 (net revenues total \$526,660).

FY 22-23 Food and Beverage revenues are reported net, per the terms of the new agreement, at \$704,277.

Room License Taxes

Room tax related revenues were estimated by performing trend analysis over average daily room rates, collections in prior periods, room night totals, market segment trends, and economic considerations.

The budget for room tax collections is 98.8% of pre-pandemic collections, and the budget for the Tourism Surcharge is 94.7% of pre-pandemic collections.

Facility Revenues

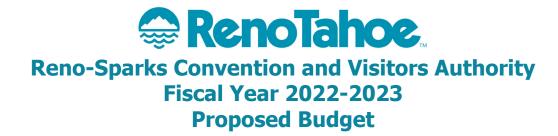

As of June 2, 2022, the RSCVA will resume internally managing and operating the Reno-Sparks Convention Center (RSCC), Reno-Sparks Livestock Events Center (RSLEC), Reno Events Center (REC) and the National Bowling Stadium (NBS), which are collectively referred to as "the facilities" throughout this document. The food service portion of facility operations will be outsourced to Aramark, as approved by the RSCVA Board of Directors on April 15, 2022.

Other Revenues and Resources

The Nevada Commission on Tourism (Travel Nevada) has earmarked \$1,250,000 of their recent Economic Development Agency award as a pass-through sub grant award to the RSCVA. The receipt of the grant award is contingent on a spending plan being prepared by the Marketing Department in accordance with the grant terms and conditions. The Marketing Department plans to create and submit the spending plan to Travel Nevada this summer, with the goal of receiving these grant revenues to spend during fall 2023.

As noted in the FY 22-23 Capital Improvement Plan, additional funding has been made available due to federal awards received as a result of the pandemic and such funding is proposed to be spent on capital improvements. Capital improvements from this funding source are budgeted at \$2,848,370.

Additionally, we anticipate approximately \$4,845,000 of available resources (fund balance) to carry forward from the current year, from unspent amounts within line items including Air Service, Special Events, Booking Incentive, Facility Transition, and from revenues received during the last quarter of the year in excess of budget. These resources, which will become part of FY 21-22 ending fund balance, are allocated as spendable resources throughout the FY 22-23 budget.

Pre-pandemic (FY 18-19), the Reno-Sparks Convention Center (RSCC) hosted two major city-wide conventions (Interbike and Safari Club), which contributed to increased revenues during that fiscal year.

During FY 22-23, the National Bowling Stadium will host the United States Bowling Congress Open Championships.

Operating Expenses

Payroll and Related Expenses

A significant change to note in the area of payroll and related expenses is that salaries and wages below reflect the transition of the facilities to in-house operations. From June 2018 through June 2022, facility management was outsourced to a third-party operator, and all expenses of the third-party operator were reported as service expenses to the RSCVA.

Additionally, for FY 22-23 several new, unique positions have been created at the RSCVA that the have not existed within the organization previously, including:

- Director of Sales NBS
 - This position within the Sales Department will be responsible for effectively selling the Reno, Sparks, and North Lake Tahoe area as a destination for bowling groups and tournaments.
- Marketing Manager Facilities
 - This position withing the Marketing Department will be responsible for planning, leading, and executing facilities marketing and communications programs and analyzing the effectiveness of facilities marketing initiatives and programs.
- Senior Director of Sales and Events
 - This position within the Sales Department will oversees the sales and events processes and staff at the facilities.

As part of developing this area of the budget, we considered the needs of the organization overall post-pandemic and in terms of how to operate the facilities efficiently post-transition. We did not copy the organizational structures that were used by the third-party operator of the facilities during the last four years, nor did we strive to identically match the organizational structure prepandemic. Significant thought and consideration were given to the efficient staffing of this organization given current needs and the current economic climate.

Included in the budget is a 4% cost of living increase program. Merit increases were paused during FY 19-20, resumed during FY 21-22, and merit increases are budgeted for FY 22-23. The Nevada PERS employer contribution rate will remain at 29.75%.

Due to the timing of the facilities transition, we are currently in the process of remarketing employee insurance benefits. We expect that interested carriers will provide their quotes within the next few weeks. If a renewal option is selected and recommended by management, such changes to the employee insurance benefits package would be presented to the Board for approval. RenoTahoe.

A Salaries and benefits paid by the previous third-party facilities operator were reported as supplies and services costs to the RSCVA in accordance with accounting standards. For comparability, salaries and benefits expenses during those contract years were summarized using financial data provided by the previous third-party operator for comparable classifications of employees and are as follows: FY 18-19: \$3,878,770

FY 21-22 projected: \$4,258,869

Operating Expenses

Supplies and Services

The majority of this line item consists of services and supplies for the facilities. This line item also includes the RSCVA's general liability insurance, legal expenses, dues, certain contractual expenses, and general supplies expenses. General liability insurance is budgeted at an increase this year due to preliminary feedback obtained about competitive market conditions, as well as organizational initiatives to strengthen cyber liability insurance coverage. We are currently waiting to receive quotes for premiums from the carriers.

Promotions and Advertising

Promotions and advertising expenses are budgeted at 117% of pre-pandemic spending levels.

Significant items budgeted within this category include: Advertising (within the Marketing Department) which is budgeted at 99% of pre-pandemic levels, \$1,000,000 for Air Service per Board designation, and \$150,000 within the Marketing department to be utilized towards facilities marketing initiatives.

The Marketing Department plans to create and submit a spending plan to Travel Nevada this summer, with the goal of receiving \$1,250,000 in earmarked grant revenues to spend during fall 2023, therefore those expenditures are included in the amounts below.

Special Projects

The special projects category primarily consists of special event funding, event sponsorships, commitments, and related costs.

Within the Marketing budget for FY 22-23, this category includes \$1,000,000 budgeted for Special Event Funding per Board designation and \$250,000 in costs associated with the Miss USA Pageant.

Within the Sales budget for FY 22-23, this category includes site fees for the 2023 USBC Open Championships, expenses related to two Customer Advisory Board meetings, event commitments and sponsorships, and \$85,000 in unassigned booking incentives.

Small Equipment

Total small equipment purchases are budgeted at \$107,702, which is 97% of pre-pandemic expenditures. These expenses are primarily associated with replacing aging IT small equipment.

Operating Expenses

Apportionment

Legislation enacted in 1999 requires one-half of the proceeds received from transient lodging taxes collected in Incline Village, Nevada and Crystal Bay, Nevada to be granted to the Incline Village/Crystal Bay Visitor and Convention Bureau. Collections in these areas have been consistently increasing, largely driven by vacation rentals. The amount budgeted below reflects these trends.

Budget	Projected	Pre-Pandemic Actual
FY 22-23	FY 21-22	FY 18-19

Apportionment \$ 2,106,666 \$ 2,047,569 \$ 1,686,777

Contingency

Contingency funds are budgeted at \$200,000 for FY 21-22. Historically, contingency funds have been budgeted between \$200,000 - \$400,000.

Capital Projects Fund

The Capital Projects Fund accounts for financial resources to be used for the acquisition of assets, construction of assets, or the significant repair of assets.

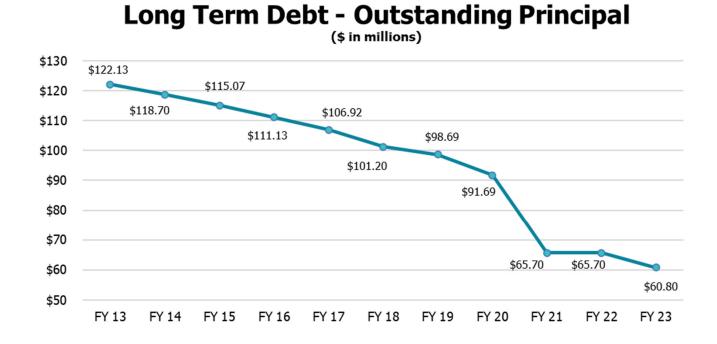

See the FY 22-23 Capital Improvement Plan for further details. The FY 22-23 Capital Improvement Plan has been submitted for separate review and approval.

Debt Service Fund

The Debt Service Fund is used to account for the accumulation of resources required for the repayment of debt principal and interest and are primarily funded through transfers. Debt Service Fund transfers vary yearly based on the bond structure. Transfers are budgeted at \$8,190,150 in FY 22-23 to meet debt obligations, including principal, interest, and fees associated with debt service and debt management.

Below is a summary of outstanding debt principal balances:
